Service apartments have come a long way from the cold, sparsely furnished spaces that provided extended-stay shelter to business travellers. With boutique hotels burgeoning in cities everywhere, the service apartment has had to reinvent itself. So who better to do this than a hospitality company that has won high acclaim for its personalised service, exquisite design and top-of-the-line facilities?

As sister property to The Sukhothai hotel, Siri Sathorn, a Beaufort serviced

residence, is truly a chic home away from home. Stylishly appointed and designed to make the very best use of space, Siri Sathorn is fast becoming the serviced residence of choice for discerning executives. At first glance, it would be easy to mistake Siri Sathorn for a stylish boutique hotel.

Sleek designer furnishings, thoughtfully placed lighting, high-speed Internet access and quality entertainment systems complement a bevy of staff who are at your service 24 hours a day.

Marble and mirrors make up the main theme of the apartments' decor.

Marble and mirrors make up the main theme of the apartments' décor. Warm and homely, they each come with individual air-conditioning, hair dryers, steam irons, direct telephone lines, voice mail and facsimile lines.

Located on Soi Saladaeng 1, a quiet and safe street close to the junction of Silom, Sathorn and Rama IV Road, Siri Sathorn is conveniently within walking distance of the Saladaeng Skytrain station and Silom MRT station, Lumpini Park and shopping malls. Yet with its double-glazed windows in all apartments, guests are shielded from the noise of the city outside. Can't sleep? The famed Patpong area is a mere stone's throw away. Stroll over for a midnight snack and hop on a tuk tuk home when the bustle of nightlife gets the better of you.

Residents and guests are free to use the property's state-of-the-art fitness club, as well as its meeting rooms and business centre free of charge. Morning brings with it a

complimentary English-language newspaper at each doorstep and an American buffet breakfast at Siri Sathorn's Liquid Bar and Café. Throughout the day, the café serves outstanding Thai and Western cuisine, and

by night, it becomes a hip bar to chill out in with friends. Of course, if you feel like staying in after a hard day's work, Siri Sathorn also offers room service until 11 pm. With spoilings like these it's hard to leave.
